EXPERIENCE

Melio — Acquired by Xero

2025 — Today

Senior Product Designer, Partnerships

Leading product design for Melio's Partnerships division. White-labeling the core platform for Capital One, Wells Fargo, ADP, and Shopify. Translating a complex B2B product into tailored experiences that meet the standards of world-class financial brands, while maintaining design consistency across partners at scale.

Savvy Security — Acquired by SailPoint

2023 — 2025

Senior Product Designer

Led design of Savvy's Admin Console, interfaces for monitoring identities, detecting security threats, and surfacing shadow SaaS usage. Worked closely with R&D to ship a cohesive, user-focused security platform. Also designed web pages, launch assets, and presentations for marketing and sales.

Blyp

2021 — 2023

Lead Designer

Owned design end to end, across product and marketing. Designed a Shopify app delivering AI-driven business insights on desktop and mobile, led user research and usability testing, and maintained the design system for a product serving thousands of users and hundreds of paying customers. Also designed the website, landing pages, pitch decks, and marketing assets.

Lucy Platforms

2019 — 2020

Lead Designer

Owned product and brand design. Designed a diamond listing platform and calculator app for iOS and Android, along with the company website, brand assets, marketing materials, and investor and sales presentations.
